GRAND JURY PROBING MASSACRE AT HERRIN ADJOURNS TO MONDAY

Returned Fourteen Bills Before Taking Adjournment—Foreman of the Grand Jury Dictates Statement to the Press—Says a Thoro Investigation Will Be Made

(By The Associated Press)

MARION, Ill., Sept. 8.—Before the Herrin massacre grand jury adjourned this afternoon they came into open court before Circuit Judge D. T. Hartwell and returned 14 bills.

The first of these bills indicted 58 men for conspiracy, and for rioting on a second charge These men, according to Circuit Judge Hartwell, were the 37 indicted on Thursday for murder, and also Gerald Bernard, Simon Hiller, Nobe Bell, Charles Hancock, Ernie Craig, William Travelstead, V. R. Wilson, Henry Sketcher, Bill Gulledge, Giles Holley, William Sellers, Darby Babbington, one Brookhouse, whose first name is unknown; Sam Catone, Jesse Childers, Orie Kirby, Earl Baxter, Bill Clander, one Hastings, whose first name is unknown; Freed Cooper or Kuepper and Lee Herron. They are charged with conspiracy to kill Howard Hoffman, Robert Anderson, John Shoemaker, Thomas Fleming, Sherman Holdman, William Cairns, William O'Reilly, Ernest Reinard, Frank Schmidt, Ray M. O'Rourk and Claude K. McDowell.
O'Rourg and Claude K. McDowell.

The grand jury called the Associated Press representatives into the jury room alone this afternoon and Foreman John Stewart in the presence of the jury dictated the following statement to the press:

"We wish to correct a sentiment thruout the country that our investigation will not be thoro and that it will be swayed by political and other influences.

"We will make an absolutely thoro investigation and if any influence is attempted we will not listen to it and will positively disregard it. We will be thoro in our work regardless of the results and there will be no phase or angle that we will not examine into.

"We will investigate into the deaths of union coal miners in the same thoro manner that we are now investigating into the death of non-union men. We will also investigate the actions of the Southern Illinois Coal company and William J. Lester and should we find them responsible in any manner will not hestitate to indict them any more than we shall hestitate to indict any other guilty party."

Foreman Stewart after making his report of indictments said it was the intention of the jury to take a recess until Monday morning and Judge Hartwell agreed with them and ordered the recess. This will give the deputies an opportunity to serve the indictments just returned and will allow the jurors and attorneys to go over their papers and prepare new lists of witnesses.

Will Recess Thru Fair Week

The jury also will recess thru the week of the sixty sixth Williamson county fair, said to be the largest county fair in the state and the oldest fair in Southern Illinois.

The jury considered it practically impossible to continue their work thru this week as witnesses would be difficult to obtain. Attorney General Edward J. Brundage and some of his staff returned to Chicago tonight.

Attorney General Brundage when shown the statement of the grand jury said that full credit was due the jurors for their work which was as thoro as any grand jury he had ever seen and despite the heat and the demand on the farms for the jurors they have been prompt every day and and none of them have asked to be excused or evaded service.

Of the 37 men indicted Thursday for murder, 11 are in the county jail. They are Percy Hall, Charles Rogers, Leva Mann, Bert Grace, Harvey Purdue, Alvin Lolless, Fred Travelstead, Phillip Fontanetta, Tom Wicks, J. Brown, (colored deputy sheriff,) and Otis Clark. These men are said to be the most prominent leaders of the massacre with one exception, a a Herrin taxi driver.

CHURCH PROPERTY IS VESTED IN GOD DAUGHERTY HOLDS

Says Would be Sacreligious to Hold This an Enemy Interest

(By The Associated Press)

WASHINGTON, Sept. 8—Holding that in the final analysis title to church property is vested in God and that it would be sacreligious to hold this an enemy interest Attorney General Daugherty in a formal opinion has acquiesced in the return by alien property custodian Miller of the property seized by a former alien property custodian from the Reformed Church of Hungary in America. Who holds the beneficial interest in this trust., the attorney general asked. "If it is held by the Deity, then surely it would be sacreligious to hold there is an enemy interest."

The question before the department he said was whether the church could have its property returned to it. Could the church, he asked be considered an enemy under the trading with the enemy act and did the fact that some of the contributors to the church are enemies, taint this church property to the extent that there could be no return of the property.

The property amounting to approximately $20,000 in mortgages and certificates of indebtedness to the mother church in Hungary secured by church property here was seized at the outbreak of the war from the Hungarian general credit bank at Cleveland acting as agent of the church in all finincial matters. The decision in this case will serve as a precedent in other church property seizures.

The title to the property seized the attorney general held, was and is in the Reformed Church of Hungary as trustee for the Deity for religious purposes.

Asserting that with the advancement of civilization and the growth of the Christian religion there was an increasing tendency to save from seizure and destruction property devoted to religious and chartiable work, the attorney general said that the United States had always stood for such a policy and "had from time to time pointed with pride to its attitude thereon."

AUTHORITIES BEGIN EVACUATING SMYRNA

Smyrna, Sept. 8.—The political and military authorities of Smyrna today began evacuating the town. Embarkations are underway from Smyrna, Vurla and Chesme.

Remnants of the Greek army have arrived 12½ miles from Smyrna, but the Turks apparently are not closely following them. Volunteers in Smyrna are trying to force resistance against the Turks but it is said here that Mustapha Kemal Pasha the Turkish national leader can take entire the town in three days.

TWO DEATHS FROM HEAT IN CHICAGO

Chicago, Ill., Sept. 8—The heat wave maintained its grip today, causing two deaths and several prostrations. The maximum of 96 degrees was recorded at 4 o'clock. Thunderstorms are forecast by the weather man, who believes it will be cooler tomorrow.

PROTEST LAND LEASE TO JTP SYNDICATE

Washington, Sept. 8.—Request from San Pedro, Cal., chamber of commerce that the federal government take action to safeguard Fort McArthur, Cal., from danger resulting from a proposed lease of 10 acres of land adjoining the fort to a Japanese syndicate for 33 years, was received today by Secretary Weeks, having been forwarded by Senator Hiram Johnson and Representative Lindberger of California and Representative Johnson of Washington.

Secretary Weeks announced he had placed the matter before the army general staff for examination but he did not believe the federal authorities could act to prevent the confirmation of the lease beyond appealing on the ground of national defense to the parties involved.

RAIL EXECUTIVES MEET BUT TAKE NO ACTION IN STRIKE

No Statements Given Out After the Meeting Ended

(By The Associated Press)

CHICAGO, Sept. 8.—An informal meeting of Western Railway executives with Daniel Willard, president of the Baltimore & Ohio, the return from the east of B. M. Jewell, leader of the striking shop crafts and the failure of the roads to take any definite action looking toward peace marked the progress of the country wide strike today.

As Mr. Jewell stepped from the train on his arrival this morning he was greeted by department of justice agents and was given the first official service of the temporary injunction issued against the shopmen by Federal Judge Wilkerson. He was accompanied by William H. Johnston, president of the International Brotherhood of Machinists who also was served with the writ and Martin F. Ryan of the Railway Carmen's association.

Mr. Willard, who arrived here from Baltimore yesterday went to the Chicago club where the 20 railway representatives who were to be his luncheon guests arrived singly and in pairs. Among the number were W. G. Bierd, of the Alton,H. E. Byram of the Chicago, Milwaukee & St. Paul; Hale Holden, of the Burlington; W. H. Finley of the Northwestern and Samuel M. Felton, of the Great Northern.

The meeting ended shortly after 3 o'clock. Mr. Willard was the first to emerge from the conference room. He was nervous and irritable and refused to make any statement. So did Mr. Felton, head of the Western executives. The latter denied that separate agreements were discussed at the meeting.

Refuse to Comment.

Mr. Jewell and the other union leaders also refused to comment in advance of the meeting Monday of the shop craft policy committee of ninety. The call of the meeting set the time as 10 o'clock Monday morning but it was thought today this might be delayed because many of the union leaders will be required to attend the hearing in federal court Monday of the government's petition to make the temporary injunction granted against the strikers last week permanent.

Both the railway executives and the union leaders united in declaring that the text of what was termed the Willard Plan for the settlement of the strike on separate roads was nothing but the proposals brought before the sessions of the executives at New York.

PHYSICIAN IS CHARGED WITH WOMAN'S DEATH

Coroner's Jury Recommends Holding of Janesville Physician

(By The Associated Press)

ROCKFORD, Ill., Sept. 8.—A coroner's jury today recommended the holding of Dr. Charles W. Blanchard of Janesville, Wis., on a charge of second degree murder, following the death of Mrs. Lena Saufnauer, whose death it was ascertained in an autopsy held yesterday was due to peritonitis resulting from an alleged illegal operation.

The inquest was marked by the dramatic re-appearance of Miss Josephine Griffen, who disappeared yesterday morning and for whom authorities searched all last night. Miss Griffen's testimony that she accompanied Mrs. Saufnauer to the office of Dr. Blanchard in Janesville, coupled with Mrs. Saufnauer's death bed statement that he was responsible was the basis on which the verdict was returned.

S. G. Dunwiddie, district attorney of Rock county, Wis., who was present at the inquest left for Rockford tonight with the expressed intention of obtaining a warrant for Dr. Blanchard on his arrivel in Janesville. The circumstance that the alleged operation was performed in Wisconsin while death of the victim occurred in Illinois is presenting a knotty legal problem to authorities.

CURTISS MAKES NEW GLIDE RECORD

(By The Associated Press)

PORT WASHINGTON, N. Y., Sept. 8.—Glenn H. Curtiss, pioneer in American aviation today bettered his recent previous flight in a motorless glider by remaining aloft for 17 seconds of sustained flight.

As in his former flight when he stayed up nine seconds, he had his sail plane towed by a motor boat and launched into the air from the waters of Hempstead Harbor. Themotor boat attained a speed of 5 miles an hour and the plane soared to a height of 5 feet before the tow line was dropped. The success of today's flight was ascribed in part by Mr. Curtiss to the tow line 250 line of wire, thirty-two hundredths of an inch in dimaeter wound on a reel in the stern of the motor boat. Previously the tow line used was of fibre which when wet caused a heavy pull down on the glider. In further flights he will use the wire with a length of 1,000 feet.

MORE OPTIMISTIC VIEW IS TAKEN OF RAILROAD STRIKE

Administration Leaders See Chance of Early Settlement

(By The Associated Press)

WASHINGTON, Sept. 8.—On the basis of personal reports to certain administration leaders a more optimistic view of the railroad strike situation was apparent today in government circles than in the past week. Several officials who have been in close personal touch with strike developments declared that settlement of the labor controversy on a number of roads was a "probable result of the series of conferences which they understood to be in progress in Chicago."

The extent to which the negotiations might go toward affecting a national settlement was not forecast in these circles, but the hope was expressed that a partial peace with "key" roads might serve—as was the case in the bituminous coal settlement—as a starting point for a general settlement. The Chicago meetings were said to have been largely a result of efforts on the part of Daniel Willard of the Baltimore & Ohio railroad who was understood to have associated with him representatives of about 85,000 miles of operated track.

Attorney General Daugherty in a statement tonight said the government was not a party to any negotiations between the railroads and their employes but declared that such negotiations would not be nterferred with by the temporary restraining order issued at Chicago.

ANNOUNCE THAT SHOPS WILL OPEN

(By The Associated Press)

JOLIET, Ill. Sept. 8—The shops of the Elgin, Joliet and Eastern railroad here idle since July 1, when 1800 workers joined in a national strike movement will re-open Monday according to an announcement made today by A. F. Banks of Chicago, president of the road.

"Notices have been sent out to the men asking them to return to work Monday at which time the shops postively will be opened. We are making preparations for the continuation of work and we want to give our former employes a chance to return."

The invitation to return to work is in the form of a personal letter to each union man. Thomas Gleason, chairman of the striking shopmen here on learning of the move said the men had no intention of returning to wark before the termination of the national strike or until some other satisfactory agreement is made.

MAY BRING SUITS AGAINST BEARDSTOWN MAYOR

Beardstown, Ill., Aug. 8.—The report was persistently circulated here last night and this morning to the effect that a series of suits against Mayor Perry for alleged non-enforcement of the law during outbreaks of violence since the strike started, is contemplated. It was also rumored that Adolph Schmoldt, said to be one of the men on Mr. Perrys bond, had asked to be relieved. Neither of the reports could be confirmed, however.

IMPORTANT CROPS SHOW BIG INCREASE IN VALUE OVER 1922

Forecasts Place Their Value This Year at $4,600,000,000

(By The Associated Press)

WASHINGTON, Sept. 8.—This year's important farm crops will be worth approximately $1,250,000,000 more than their value last year. Production forecasts announced today by the department of agriculture indicate they will aggfegate approximately $6,600,000,000, calculating their value on September farm prices. Three crops—corn, cotton and hay—will exceed a billion dollars each in value their aggregate comprising more than one-half of the value of all the important crops.

August growing conditions were especially detrimental to the bumper corn crop and to the cotton crop. Corn suffered a loss during August of 142,000,000 bushels, worth at September 1 prices $89,000,000. The government's forecast today placed the prospective production at 2,875,000,000 bushels.

Present indications are that practically all of this year's crops will be worth more than last year with the exception of wheat, rye and peanuts. Corn will be worth approximately $496,000,000 more. Cotton, $389,000,000, oats, $83,000,000, apples, $64,000,000, peaches, $36,000,000.

This year indicated crops will have a value, calculated unofficially and based on Sept. 1 farm prices as follows:

Wheat, $710,600,000; corn, $1,801,900,000; oats, $404,100,000; barley, $88,500,000; buckwheat, $11,600,000; rye, $50,300,000; potatoes, $385,400,000; sweet potatoes, $116,200,000; hay, (tame) $1,037,600; hay (wild) $122,600,000; cotton, (exclusive of seed) $1,064,400,000; apples, $227,200,000; peaches, $88,100,000; peanuts, $30,400,000; and beans, $49,600,000.

Nebraska suffered heaviest in the loss of corn during August, the prediction forecast indicating 38,000,000 less than a month ago. Other important producing states showed the following reductions:

Kansas	20,000,000
Iowa	18,000,000
Kentucky	14,000,000
Southe akota	19,000,000
Missouri	9,000,000
Tennessee	11,000,000
Minnesota	8,500,000
Illinois	4,500,000
Ohio	4,800,000

MOVIE ACTRESS HELD FOR MURDER

(By The Associated Press)

HACKENSACK, N. J. Sept 8—Miss Alice Thorton of New York, 18 year old movie actress today was indicted for murder by the Bergen county grand jury with George Cline, location scout and his brother-in-law, Charles Scullen, in connection with the shooting of Jack Bergen, daredevil of the movies in Cline's Edgewater Home, August 23.

Miss Thorton was arrested today when she appeared to testify before the grand jury. She was in the Cline home the night Bergen was killed and was alleged to have informed Cline that Bergen had attocked his wife at Saranac Lake, N. Y.

Cline, who is alleged to have shot Bergen, and Scullion who is said to have brought him pistol previously had been arrested.

The three will be araigned before Supreme Court Justice Parker on Tuesday.

Beith charges that civil authorities in Kaying are active in dissemination of any Christian propaganda in supporting the military officials. An urgent protest against the depredations has been forwarded by Beith to the American consul at Swatow.

REQUESTS PAGE NOT TO RESIGN

Washington, Sept. 8.—Resignation of Thomas W. Page of Virginia, former chairman of the tariff commission from his membership in that body has been placed in the hands of President Harding it was learned today but Mr. Harding has requested Mr. Page to reconsider his decision to give up the post.

Thepresident is was said thinks highly of Commissioner Page and is hopeful that increased work which the executive believes will be transacted by the commission will be sufficient inducement for him to decide to remain in the service.

MRS. HARDING IS CONSIDERED AS IN SERIOUS CONDITION

Statement of Dr. Sawyer is Given Out by Secretary Christian to Newspaper Correspondents—Dr. Charles Mayo and Other Prominent Physicians Are Summoned

(By The Associated Press)

WASHINGTON, Sept. 8.—The condition of Mrs. Harding, wife of the president, was so serious tonight that "recovery is not yet assured," a statement issued at the white house at 9:30 o'clock tonight by Brigadier General C. E. Sawyer, the family physician said.

Complications which developed yesterday and last night, the statement said, make Mrs. Harding's condition "cricical" it was added.

Dr. John Finney of Baltimore, was called in consultation tonight and Dr. Charles Mayo is on his way to the white house from Rochester, Minn., to attend the patient. Dr. Carl W. Sawyer, son of Brigadier General Sawyer, and Dr. Joel T. Boone have been in attendance on Mrs Harding.

Dr. George T. Harding, Jr., of Columbus, Ohio, a brother of President Harding, also has been summoned to Washington, Secretary Christian said. When Mr. Christian gave out Dr. Sawyer's statement to newspaper correspondents he said:

"Boys, Mrs. Harding is in a very critical condition."

The statement issued by D. Sawyer follows:

"Mrs. Harding, whose illness is a recurrence of attacks experienced before coming to the white house developed complications on Thursday and Thursday night which makes her condition critical. These complications are so serious that recovery is not yet assured. Dr. John Finney of Baltimore, was called in consultation tonight and Dr. Charles Mayo is enroute from Rochester, Minn. Dr. Carl W. Sawyer and Dr. Joel T. Boone have joined in the attendance on Mrs. Harding today."

Dr. Finney reached the white house at 9 o'clock tonight.

PERU WILL NOT TAKE ANY PART IN PEACE LEAGUE

Will Remain out Until U. S. Decides to Join th e League

(By The Associated Press)

LIMA, Peru, Sept. 8. — Peru does not intend to participate any further in the work of the league of nations and will reconsider her decision only in case the United States decides to join the league according to a statement by foreign Misister Salomon today concerning Peru's failure to send delegates to the present assembly of the league.

Peru did not name delegates to the present assembly of the league of nations, the foreign minister said nor had it any intention of naming any. Neither does it intend to name delegates in the future since it considers the league lost all its efficacy when the United States manifested its decision not to form a part of it.

FARRINGTON'S REPORT LIKELY TO CAUSE FIGHT

Opponent of Farrington for President is Leading Fight

(By The Associated Press)

PEORIA, Sept. 8—A fight over the report of President Farrington in which he explained how the coal strike in Illinois was settled is forecast for tomorrow by delegates attending the state convention of United Mine Workers.

Practically all afternoon was devoted to efforts of John Hindmarsh of Riverton to persuade the delegates not to accept the report as presented to the convention Thursday. Hindmarsh who is opposing Farrington for state president at the coming convention in Decemeber, said Farrington favored either directly or indirectly a separate state wage agreement despite Farrington denials to the contrary. Others who are opposed to the acceptance of the report will speak tomorrow morning after which Farrington will reply to all those who have assailed him. The convention is expected to adjourn tomorrow afternoon.

A plan, which is expected to raise $250,000 a month for defending their members who are indicted in the probe of the Herrin riots was voted into effect by the convention this morning. The convention pledged the ninety thousand Illinois union miners to contribute one percent of their earnings a month to the defense for an indefinite period. The action was taken in executive session

Many delegates opposed the taxation but after a dozen men acquainted with conditions had spoken the opposition dissolved and the proposal carried almost unanimously.

President Farrington in bringing the proposal to the convention declared something had to be done to obtain fair and impartial trials for the forty men now under indictment of the killing of ninteen men at Herrin.

BACK TAXES FROM MERTZ ESTATE

Virginia, Ill., Sept. 8.—The board of review has served notice on the administrators that it will make an attempt to collect back taxes from the William Mertz estate in the sum of $18,000. Mr. Mertz, the late Chandlerville banker, gave in his personal possessions as worth $2,860, whereas the inventory shows a personal estate worth $151,655.08, all of which is said to be taxable, with the exception of $26,000 in Liberty bonds.

Of the $18,000 that would be collected if the board made its claim stand, the county itself would benefit by the sum of $500, while the remainder would be divided between the road district, the high school district, the township and the village of Chandlerville.

CLOSE SCHOOLS ON ACCOUNT OF HEAT

Mrs. Jeff Wilson of Chandlerville, a teacher in the schools of that place, arrived in Jacksonville yesterday. Mrs. Wilson states that the schools of Chandlerville have been closed on account the excessive heat.

A THOUGHT

Be not conformed to this world, but be ye transformed, by the renewing of your mind, that ye may prove what is that good and acceptable and perfect will of God. Romans 12:2.

ACT up always to your convictions, and when you have been unfaithful, bear with yourself, and resume always with calm simplicity your little task.—Madame Guyon.

There is no question but that candidates for national offices this year will do a lot of dodging on various issues between now and election day. The times are difficult for the candidate.

Editor McNabb of the Carrollton Gazette suggests that an injunction against the coal operators to prevent their charging present prices would be welcomed by the public.

The cordial reception given the mayor of Jacksonville by officials of the C. & A., and C., B. & Q., in Chicago recenaly is indicative of the cordial relations between the managers of these roads and the city of Jacksonville.

In various ways the city has sought to create "an era of good feeling" as between the railroads and the city, and there can be no doubt that the transportation meeting arranged several months ago by the chamber of commerce exerted a definite influence along this line.

The secretary of state again warns the public against buying stock in corporations unless they are fully advised as to the standing of the concerns. This is advice that cannot be too often given, for people who have saved their money by strict economy and self-denial often fall easy victims for the conscienceless stock salesman.

An investor should seek all the facts before buying stocks and the facts can be readily obtained.

AFTER WE DIE

(N. E. A.)

The young king of Siam, Maha Vajiravudh, marries his cousin, Princess Lakshi Lavan. One wife is enough, says he, abolishing the custom of maintaining a royal harem.

This is a big sensation in the orient. For the old king, Maha's father, had 300 wives.

Human nature being about the same all over the world, the Siamese taxpayers probably are glad to see the harem expire.

"This new king," you reflect, "must be a progressive chap with modern ideas. He is enlightened."

King Maha's abolishment of the royal harem illustrates vividly the great changes that come as one generation goes to the graveyard and a new generation takes its place.

What with the World War and all, the present generation has made a frightful botch of its job.

Men have walled themselves into a bad situation. They run about like caged animals, seeking an exit.

Every day some quack steps forth in the field of economics sociology with a new "cure-all." He claims he has the magic medicine that will bring rest and peace out of unrest and war.

All this attempt to stabilize conditions is commendable. But the probabilty is that the big problems will be solved by the rising generation. The man who falls into a well is not usually pulled out by himself.

The world's hope is in the youngsters who are marching thru school days to take up where we leave off. They are going to inherit big problems. And they are going to solve them, for they will get on the job with fresh energy and a new viewpoint.

Naturally, it would be foolish for us to lie down and quit cold, letting problems grow worse until youngsters grow up. But the hope of civilization is unquestionably in the boys and girls returning to school after vacation. The best way to solve our problems is to make those boys and girls as efficient, sensible and straight-thinking as lies within our power.

AGRICULTURE IS EVERYBODY'S BUSINESS

Over 10,000,000 people, or a third of those gainfully employed in the United States, are engaged in agriculture, forestry and animal husbandry. Their annual production of wealth is over $12,000,000,000. Ordinarily their buying power is enormous, and upon it depends largely the prosperity of railroads, industry, and business generally. When agriculture is prosperous, business is good; but when there is distress in any of the important agricultural ections the vizrations of that distress are promptly felt in the manufacturing and industrial centers. When the buying power of the Middle Western farmer is diminished, it may mean the closing of shoe factories in New England or lumber mills in the South.

When the Southern farmer os unable to sell his cotton, it may mean unemployment for thousands of workers not only in the automobile plants of Detroit and the furniture factories of Michigan, but also in the very mills that convert raw cottons into cotton goods of all kinds. When the stockman of the West lacks the ability to buy it, vitally affects the businessmen in many distant states from whom he gets his hats and clothes, his saddles and harness, his equipment and supplies.

National advertising and national sales organizations, accompanied by mass production, have nationalized the desire of the people. The immense network of railways, waterways and other transportation lines, the development of journalism, which has put a newsaper in practically every community, the extension of postal facilities—these and a hundred and one other influences have served to knit this nation into a close ad homogeneous economic fabric and to make each part dependent upon the rest for the things it needs and for a market for the things it produces.—Eugene Meyer, Jr., in Farm Life.

TEACHERS OF CITY TO MEET THIS MORNING

Will Assemble at High School at 9:30 o'Clock for First Meeting of School Year—Many Students Have Registered.

The teachers of the city schools are to assemble at the high school this morning at 9:30 o'clock for the first meeting of the school year. At this time Supt. H. A. Perrin will present the plans for the opening of the schools Monday morning, and various matters relative to the work of the term will be discussed.

Only about forty students registered at the high school Friday, bringing the total registration for the two days to 109. All other students who did not register last year and those who have come to the city during the summer months should present themselves at the high school sometime this morning.

Every student must report at the opening of school Monday and answer roll call in his various classe if he wishes to keep his place in the classes. This was the announcement of Principal B. F. Shafer Friday.

Mr. Shafer will address the students at 8:45 o'clock Monday morning in the auditorium and from there they will pass to the various class rooms. There will be short periods of the regular daily schedule and the session will be dimissed at noon.

MURRAYVILLE LODGE PLANS TO RAISE FUND

The Rebekah organization of Murrayville will hold an ice cream social this afternoon and evening on the vacant lot between the Thompson and Solomon buildings. The purpose is to raise money for the purchase of regalia for the order, as this was destroyed by the fire which damaged a considerable portion of Murrayville's business district several weeks since. It is estimated that the loss to the order was something more than $200, and it is necessary to procure the regalia before regular meetings can be resumed.

Kenneth Miller of Alexander has gone to the Chaddock School for Boys at Quincy.

FOUND LIQUOR UNDER CORN CRIB

Raid Directed By State's Attorney on Lindsay Farm Brought Results — Many Gallons of White Mule and Barrels of Mash Confiscated.

In further pursuance of the State's Attorney's campaign against illicit liquor handling, Oliver Lindsay of Literberry precinct was arrested yesterday by Sheriff Weatherford and Deputy Sheriff Roach. The arrest resulted after State's Attorney Robinson had filed information in the county court against Lindsay, based on evidence procured by a federal officer.

Mr. Lindsay owns a farm in Literberry precinct and insisted that the liquor found on his property was intended for his own consumption. However, State's Attorney Robinson is of the opinion that three barrels of mash found in a corn crip on the farm, together with a five gallon container and three-fourths of a barrel of finished white mule found in the cellar of the residence constitutes more than a personal supply.

According to the statement made by the investigator, Mr. Lindsay had a still built under his corn crib, located one-quarter of a mile or more from his residence. The distilling process took place under ground, the apartment being reached by a trap door.

A small smoke pipe only appeared above ground, but the pipe was of service to the investgator in locating the place of manufacture.

Sheriff Weatherford brought the supply of mash and liquor into Jacksonville and Mr. Lindsay gave bond for future appearance.

W. R. C. AND G. A. R.

The Woman's Relief Corps had a good meeting yesterday in spite of the hot weather. Two new members were received and a good time generally enjoyed and at the close of the formal exercises nice refreshments were served and as the old boys came up they too were treated to ice cream and cake which was very acceptable.

Announcement has been made of the national encampment of the Grand Army at Des Moines the latter part of the present month. On proper certificates of proof being given, members of the Grand Army and dependent relatives and members of the Relief Corps and department relatives will be entitled to half fare and tickets will be good till Oct. 31st. Commander Goheen, adjutant, will have certificate blanks in a few days and will accommodate all who are entitled to them on application to him.

COULD NOT TURN IN BED

Operation Avoided by taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keepsaying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache.

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."—Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio.

CELEBRATES 90TH BIRTHDAY

The recent birthday anniversary of A. K. Coffman was a very pleasant affair and recalled many incidents of interests in the changed history of our country during the past 90 years.

A. K. Coffman was born in Nashville, Tenn., Aug. 28, 1832, and when a child removed with his parents to Indianapolis, Ind., where he lived until he was 20 years of age. Three brothers and three sisters have passed away, and only one sister now survives, Mrs. Mary Chamberlain, who lives in Indianapolis. He has several grandchildren, four of his six children still living. They are George Coffman of Carthage, H. I. Coffman, Topeka, Kansas, Effie Jenkins, Carthage and W. O. Coffman of this city. His wife, whom he married in 1858, passed away seventeen years ago, since which time he has made his home on his farm at Carthage or with his son and daughter, Mr. and Mrs. W. O. Coffman of this city.

In fact, he feels more at home here, as an own daughter could not be more attached to him or care for him better than Mrs. Coffman.

For eight years Mr. Coffman taught during the winters and farmed from early spring until late fall. He has 300 acres of good land near Carthage. When the Civil war began he enlisted and was under General Lew Wallace (later the renowned writer).

He is a Democrat and loyal to Cleveland and Woodrow Wilson but says that in recent years he has voted for the man rather than the party.

He is a Methodist and said that a few years ago when a church was to be built at Bentley, Hancock county, he was one of those appointed to serve as a building committee. He wished to give way to others, whom he thought might do better than he, and offered to subscribe $5,000 to the building fund if they would release him. But they said they would rather have him than the $5,000 and doubtless he gave both the $5,000 and himself.

Mr. Coffman enjoys excellent health and his eye sight is remarkable for one of his years. He was only a boy of eight years of age when the first railroad was laid to Indianapolis and heard Gov. Whitcomb prophesy great things for the country thru the railroads.

He is a staunch advocate of temperance and has never taken a drop of whiskey. He says he remembers the time when he first knew Indianapolis, that a large "Whiskey" sign was at the entrance of the hotel. Mr. Coffman states that thru all his long life he has kept close tab on matters affecting the public life, and that never has he known a time when he believed our country in a greater crisis than now.

Taken all in all, Mr. Coffman is a fine type of true American gentleman of the old school. About sixty friends came the evening of the anniversary to do him honor, bringing gifts and flowers and words of appreciation. In addition, there were gifts of various kinds which came by mail.

The anniversary party was at the home of his son, W. O. Coffman, 647 South Prairie street, and was planned by his daughter and grand-daughter, Miss Opal Coffman, Miss Arminta Meyer of Beardstown and Miss Caroline Markman of Grove street and others. Refreshments of grapes, cookies and strawberry ice cream were served.

Coal Users

After 5 months shut down the miners have again started to work. Coal is higher at the mines—higher than we expected. We would not advise filling bins at present, as we look for cheaper coal. We are offering our celebrated Diamond Chunk Coal, best coal mined in the Springfield district, at $6.50 per ton delivered. Franklin and Jackson county, the best southern Illinois coal mined, at $8.50. Our terms are the same as have been for over thirty years in the coal business in Jacksonville.

RECOMMENDS BAGGING GRAPE

URBANA, Ill.—Bagging grapes in the home vineyard is recommended by A. C. Nogle, associate professor of Pomology at the University of Illinois. The cost is small and the improved quality of the fruit pays for the time and trouble, He said:

"Grapes should be bagged as soon as the fruit is well set, about the time when the berries are about the size of a small pea Two pound manila grocer's bags are the best to use for bagging. The bag must be pinned above the can which bears the fruit and not tier adound the stem of the cluster. Bagging serves to protect the clusters against birds, insect injury, fungi and the weather. Grapes when bagged are free from sunscald and other disfiguration, and present an attractive fresh appearance that gives the grower a fancy product for his own home use."

SEARCHED HAXTON HOUSE

Members of the city police force searched the Haxton residence, 316 Reid street, Friday morning for liquor. However the search was fruitless. The purpose was to find out if Haxton, whose home was raided two weeks ago, was continuing to dispense liquor.

CLUBS AND SOCIETY

Party is Given at Hildreth Home

Miss Lulubel Hildreth entertained a limited number of friends recently at her home, 812 Hardin avenue, the guests being stenographers associated with her in the office at Jacksonville State hospital. The evening was spent in a very pleasant social way and Miss Hildreth served refreshments before her guests departed.

Entertained at Informal Dance

An informal dance was given Friday evening by Miss Mary Edith Baumgartner at her home on West State street. The guests were a number of Miss Baumgartner's friends who have recently returned to the city after vacation visits, and this was their first social evening together since their return. Delightful refreshments were served in the course of the evening.

MINSTRELS AT GRAND

The famous Georgia Minstrels appeared at the Grand Opera House Friday night. It was a mighty hot night, but that fact did not lessen the interest in this minstrel performance.

The members of the company appeared in all their minstrel glory in a noontime parade, and the promise given then of an excellent performance was fully maintained. There were song and dance specialties galore and these features, interspersed with the regular minstrel numbers made up an evening entertainment which the large audience thoroly appreciated. The company appeared under the management of Thomas Scott.

INSTITUTE LOCATION NOT TO BE DECIDED ON

M. E. Conference Decided to Wait Year Before Settling Upon Permanent Location of Epworth League Institute—Other Conference News.

Decatur, Ill., Sept. 9.—(Special to Journal.)—The business of the Conference is progressing most satisfactory. No doubt, if the work of the cabinet (the bishop and district superintendent) makes equal progress, the appointments will be ready for announcement by Monday afternoon.

Some Ruffles.

When Rev. J. S. Bicknell intimated that the funds of the Preachers' Aid society were not being wisely invested, he stirred up a hornet's nest.

His remarks were resented by most of the ministers and some heated discussion followed, in which those who have in charge the investment of the funds challenged anyone to show where they could be invested to better advantage.

Decatur Men Defend.

Among those who spoke in defense of the use of the funds were Rev. Chesteen Smith and Rev. A. M. Wells of Decatur, both of whom had been closely in touch with the matter. As a member of the committee which had gone over the books, Mr. Smith declared that he was amazed that the society had been able to secure so much return from the money invested.

Sentiment of the majority of the preachers appeared to be that the intimation of unwise investments was an unjust reflection on the men who have charge of the handling of the funds.

Argue Pensions.

The arguments all came about following the introduction of resolutions to be allowed men who are in the disabilty classifications and who are earning a livelihood by other means than holding pastorates. It was brought out by one speaker that pensions of such should not be cut and in response another declared that if the necessary endowment could be raised adequate pensions could be paid. It was then that the remark was made that if the funds already on hand were wisely invested there would be sufficient returns.

When finally put to vote, the resolutions clause, which precipitated all the arguments, was referred to the committee on conference relations.

The conference also spent considerable time in discussion of the various clauses of the report of the board of stewards, submitted by Walter Mitchell. That preachers having claims on the board should have their cases submitted in time so that the board would have time to adjust the cases, and not have to revise all its work because of cases brought up at the last minute was included in the report which was adopted.

The Conference Pictured.

Mr. Wasson, who received a group picture of the conference at Jacksonville in 1910, also made a rotating group photograph of Bishop Nicholson, the district superintendent and ministers with the wives of the same and "others" yesterday. Dr. Chapman announced before the semi-circle, that any who had such like pictures of former conferences, would confer a favor on the centennial committee, by reporting same, for an exhibit in 1924.

Annual Lecture.

Ex-Governor Harding of Sioux City, Iowa, delivered the annual lecture, to help the local committee, in meeting the expenses of the annual session. Nearly 1,000 were in attendance. His subject was: "The Clock Strikes Twelve." His theme: "It is time to act, time to consider, questions, fundamental to our government organization; Socialism ignors the individual, if the mass is ignored. Karl Marx is having his theories tested in Russia, and propagandists are at work in America to destroy property rights and family rights, and individual interests that do not merge and be subordinate to the mass interest. Education is the hope of a more firm foundation of popular sovereignity. There was intense interest manifested in the hour and a half delivery of the address replete with with and pathos and appeal.

Epworth League Institute.

The communcation from the Jacksonville Chamber of Commerce respecting the annual Institute of the Epworth League, inviting attention to Jacksonville as an ideal location for the same was received and referred to the Committee on Epworth League.

Decatur has in also an invitation and the central location appealed to the committee, but Rev. A. L. Wood, also a member, secured a postponement by moving that a year's consideration of the matter was brief enough time for such an important movement, and that the next summer's session be held at Shelbyville, and that a more representative committee be selected to consider the Jacksonville proposition.

The bishop again gave warning to the conference that the facts before the cabinet, concerning support would test the loyalty of every member of the conference. Rev. J. S. Settles, who has been for three years with the treasury department of the centenary in Chicago is at the conference asking for an appointment.

Many committees were in attendance today, with a desire to interview the bishop, for and against prospective changes and the temperature is feverish, in more ways than one.

C. R. MORRISON.

Mrs. Harry Braner of Grace Chapel region visited the city yesterday.

WOODSON

Mr. and Mrs. Elmer Henry of Los Angeles, who are visiting relatives in Morgan county, were among those in attendance at the chicken fry Thursday night. Mr. Henry was formerly a resident of Woodson and he and his wife lived in Jacksonville for a number of years prior to going to the west to live.

Misses Meda Megginson and Edith Watt and Wilbur Taylor are all students at the Murrayville high school this term.

It was stated in Friday's paper that the Woodson band furnished music for the Christian church chicken fry. This was in error, as the band did not play, owing to the death of W. R. Craig. The deceased was the leader of the band for a number of years and his interest in the organization had been maintained even after failing health made it necessary for him to sever his connection therewith.

Mr. and Mrs. John Fitzsimmons of Markham were visitors in Woodson Friday.

A workers' council of the Christian church Bible school was held recently, when it was decided to make a change in the conduct of the Sunday school. This change will become effective this Sunday morning.

"MONTE CHRISTO"
Is coming Monday

John Lewis of Lynnville was listed among the callers in the city Friday.

FORMER RESIDENT OF SCOTT COUNTY DIES

Dr. J. T. Caldwell Passed Away at Home in St. Paul After Long Illness — Other Manchester News Notes.

MANCHESTER, Sept. 8.—Mrs. J. J. Alred received a message Thursday announcing the death of her brother-in-law, Dr. J. T. Caldwell, which occurred at his home in St. Paul, Minn., Wednesday night. The end came after a long period of illness and was not unexpected.

The deceased was born and reared here and began the practice of medicine here. Later he practiced for a time in Winchester and then removed to St. Paul.

He was well know in Scott county and many will learn of his death with sorrow.

Worth While Girls Meet.

C. & A. WILL PAVE SPACE NEAR STATION

Will Also Use Brick for East State Street Crossing—Other Roads May Join in Yard Paving Program.

While in Chicago Wednesday Mayor Crabtree interviewed officials of the Chicago & Alton and C., B. & Q. railroads with reference to paving the railroad yards. Officers of the C. & A. agreed to pave between their tracks on East State street and the space west of their tracks from the north line of East State street to the passenger station.

This means that the spaces between the rails on East State will be paved with brick instead of being planked, and the space will be in the same condition as that between the rails of the street railway company.

The C. & A. officials also agreed to paving the spaces north and west of the passenger station if other railroads would join with them. It was stated that the C. & A. and the C., P. & St. L. have joint ownership of the space mentioned.

Officials of the C., B. & Q., who thru lease have an interest in the matter, thru the C., P. & St. L. indicated a willingness to pay a portion of the paving cost. At any rate, the whole railroad yard paving project is having favorable consideration and the most important part of the improvement plan will certainly be done and that right speedily.

Woodson Post Legion will serve burgoo soup and ice cream at Christian church, Thursday, September 14. Soup will be served at noon. Music by Woodson Band.

VISITOR FROM BETHEL

Lew H. Callaway of Bethel vicinity came to the city yesterday. He had along some fine specimens of peaches of which he has a good crop. His apples were rather poor this year while peaches did well. His numerous friends will be glad to know that his daughter who was an invalid so long is improving.

NEW PLAN TO APPLY ON PAVING WORK

Contractors Expected to Bid for College Avenue Paving on Both Trinidad and Manufactured Asphalt.

City authorities in conjunction with the committee representing the property owners on West College avenue, have decided that open specifications shall apply to the West College avenue pavement. This means, according to a statement made yesterday by Mayor Crabtree, that the board of local improvements will receive bids for this pavement on the basis of Trinidad asphalt and also upon manufactured ashpalt. In previous letting, Trinidad asphalt has been required. This fact, in the opinion of the local authorities, tends to reduce the competition for the work.

The same situation has frequently been met in other cities, and in many the open bid plan has been followed by desirable results. It seemed the more feasible to adopt the plan here at this time from the fact that the services of the Chicago paving laboratory have already been secured for the purpose of passing upon the quality of the materials used in the paving work.

Local people have been exceedingly well satisfied with the work of the Standard Paving Co., and it is the understanding that this company will be in position to make the bid for both Trinidad asphalt and manufactured asphalt if it so desires.

Trinidad asphalt comes from Lake Trinidad and all the product is said to be practically under the control of one company. Manufactured asphalt is a by-product of the oil business and is produced largely by the Standard Oil Co., the Roxana Co., and other large oil concerns.

In determining upon the open bid plan, the local board has the hope that the field of bidders will be larger than would otherwise be true. In receiving bids the board will prepare specifications for the asphaltic cement and for the flux oil in accordance with the suggestion of the paving laboratory. These are standard specifications which have been used for a great many paving jobs.

The materials offered must stand certain specified tests as to specific gravity, flash point, penetration, ductility, Volatilization, solubility, cementing value and elongation.

Woodson Post Legion will serve burgoo soup and ice cream at Christian church, Thursday, September 14. Soup will be served at noon. Music by Woodson Band.

Kenneth Pennell made a trip from Murrayville to the city yesterday.

CUBS RALLY IN 8TH DEFEAT PITTSBURGH

Both Teams Hit Hard, Seven Pitchers Being Used—O'Farrell Benched for Protesting Decision.

Pittsburgh, Sept. 8—An eight rally by Chicago which netted four runs upset the Pirates chance to gain a notch on New York. The score was 10 to 7. Both teams hit hard seven pitchers, three for the Cubs and four for Pittsburgh being used. A pass, a double and three singles off Brown gave the cubs their four runs in the eighth. O'Farrell was benched in the eighth inning for protesting a decision.

PETER THE BREWER WINS CHARTER OAK

Captures $10,000 Stake at Hartford—Murphy and Cox Divide Honors in Card of Seven Races.

HARTFORD, Conn., Sept. 8.—Peter The Brewer, captured the feature events of the Grand Circuit meeting this afternoon when he raced home in front of the field in the Charter Oak state, beating Czar Worthy, Murphy driving, for the big share of the purse. Peter The Brewer hauled Nat Ray to his first victory in the 37 year old classic.

Murphy got approximately one-third of the $21,000 put up in purses for the seven events. He won the 2:03 pace with Margaret Dillon, finished second in the 2:07 pace with Peter Etawah, second in the Charter Oak stake with Czar Worthy; second in the 2:10 pace with The Sherwood and second in the 2:07 trot with Carmelita Hall.

Cox won three of the seven events, the 2:07 pace with Trampsafe, the 2:10 pace, with Abbedale and the 2:07 trot with McGregor the Great, that looked better today than ever before. The seventh race, the Hartford handicap two mile and a quarter dashes was split, Major Riser winning the first and scotillo the second.

Peter The Brewer did not finish the third heat of the Charter Oak stake, an accident at the first turn resulting in the smashing of the right wheel of Ray's sulky.

WHAT your pavement costs *in the end*—not *in the beginning*—is what counts. In 1915 surface repairs cost Illinois taxpayers $3.16 per mile for brick and $48.57 per mile for the nearest substitute. In 1916 brick cost $6.33 and the nearest substitute $42.24. In 1919 brick cost $118.79 and the nearest substitute $149.86. (1919 figures include roadside upkeep)

VITRIFIED Brick PAVEMENTS

are famous for their *long life* and *low maintenance cost*. The foregoing figures from Illinois public records testify that brick pavements conserve taxes.

Three Things Needed, Three Tricks to be Mastered, He Says

Charles Paddock, Fleetest-Footed Man in the World, Showing Richard Atwell and ert Merton, Two Youthful Track Hopefuls, how to Crouch for a Racing Start

By JACK JUNGMEYER.

PASADENA, Cal.—Boys here are some caluable tips on running from Charles Paddock, fleetest-footed man in the world.

In his home town here he's the hero of all the youngsters.

He's instructing a lot of them how to race, and among them, he says, he expects it won't be long before two or three are starting after his own record of 9 3-5 seconds for the 100 yards.

Charlie began sprinting when he was 14. Now he's 22.

"Three things go to make up a good sprinter," he says.

"1. Natural ability—a combination of energy, balance and rhythm, with which some boys seem to be born.

"2. Development—learning the tricks of the game.

"3. Condition — keeping in good health.

How to Excel.

"Of course, any boy, regardless of natural ability, can improve his speed by developing and keeping fit.

"For those who want to excel it is important to learn—

'1. To start.

'2. To stride.

"3. To finish.

"The best starting position is the crouch, poised on fingers and toes, an attitude which Jack Donaldson, the great Australian runner, learned from watching the kangaroos in his own country.

"Running consists of a succession of arrested falls forward.

"The sprinter's body is poised just at the edge of falling. At the crack of the pistol, he lunges forward, catches himself swiftly and is off in his first stride.

Lift Your Knees.

"If he has started properly, he comes out of that first jumping stride low, pulling his body upward and swinging his arms, to help his legs.

"Always remember to lift your knees high as you run.

"The higher you lift them, the longer your step and the more power as you shoot your feet forward.

"That's all I think about when sprinting—just to keep my knees coming high. The body automatically does the rest.

"Then the runner nears the finish. He sees the tape ahead. His rival may e just inches ahead or behind. The final few strides count.

Every Inch Counts.

'There are three distinct finish strides.

". The lunge, introduced by Bernie Wefers, once world's champion, which is composed EO champion, which is accomplished by throwing the arms back smartly and the chest out, thus pitching the runner forward sharply at the last jump toward the tape.

'2. The shrug, introduced by Arthur Dufy, another champion, in 1903, by which the runner throws his side and should the tape, gaining a few inch the finish.

"3. The jump, which I duced myself, by which the ner literally hurls himself the ground, with his feet lo in the running broad jum cover 15 feet in this fashi my last stride.

Take Your Choise.

"The runner will adopt w ever of these finishes is adapted to his style, after l practice.

"The boy of 12 to 14 wh run 100 yards in 12 2-5 or the 50 in from 7 1-5 t is an exceptional sprinter, all kinds of possibilities.

"The trouble with most b that they don't run nat They hold themselves too t too stiffly, they're too con of being watched.

"Men are the sam Watch one as he runs for a car—seemingly embarrasse half-hearted — a kind of at violent activity.

Push Yourself Forwar

"Try to feel your real s hind, pushing you forwar pulling, from ahead. Then fall more easily into a n powerful stride.

"And don't feel discour you don't win right away, if you never win, for runni great developer in itself body and mind. It's quite excuse for itself."

DUN'S REPORT WILL SAY TODAY

By Associated Press.

NEW YORK, Sept. 8.—Dun's tomorrow will say:

"Despite holiday interruptions and other impediments, the week has brought a turn from the better in business. Records of production in basis industries disclose the adverse effect of the labor settlement but the restraints are lessend as coal mining is more fully resumed, reports indicate improvement in the transportation situation. Evidence of recovery in iron and steel manufacture following a decided setback is encouraging, and there now seems reason to believe that fewer obstacles to progress will be encountered. In view of the scope of the strikes and their protracted duration more stability has prevailed in busness than might have been expected and it is significant in this connection that the monthly statistics show a further reduction in number of failures. While mercantile and industrial activities have been considered curtailed thruout the summer, the fact is not obscured that the outlook is one of good promise and that a solid foundation exists for subsequent expansion.

"Weekly bank clearings $5,-505,175,000."

SUBSTANTIAL ADVANCE IN MARKET PRICES

By Associated Press.

NEW YORK, Sept. 8.—Extensive short covering, coupled with a brisk investment demand for selected stocks resulted in another substantial advance in prices in today's stock market. Profit-taking was evidence thruout the session but offeriugs were easily absorbed and caused little disturbance to the upward swing. Several new favorites were brought to the fore, including United Cigar Stores which was pushed up 25 points.

Tobacco Products, preferred, which soared seven points on published reports of the benefits likely to accrue to holders from a distribution of United Retail stock and a revial of rumors of a merger with Schulte Cigar Stores which enjoyed a brisk advance in the curb market and Delaware & Hudson which climbed 8½ points net on the possibility of a segregation of its coal properties.

News developments appeared to have little direct influence on the market but the virtual elimination of the threat of a general strike, increased car loadings and the return of more shopmen to work all contributed to the optimism of the trading forces. Continuance of relatively easy money rates is regarded as the most potent factor in the situation.

Total sales were approximately 1,000,000 shares.

Call money opened at 4 per cent and held at that figure. There was a fair demand for the time money and comercial paper with virtually no change in rates. Fireign exchanges were easy a the start but they recivered most of their losse later.

Total bond sales, par value, were $14,201,000.

PRICE OF WHEAT TENDED UPWARD

By Associated Press.

CHICAGO, Sept. 8.—Wheat tended upward in price most of today chiefly as a result of higher quotations at Liverpool and because of gossip that France would require heavy imports of wheat before harvest. The close was unsettled at the same as yesterday's finish to ⅜c higher with December $1.02¼ to $1.02⅜ and May $1.07⅛ to $1.07⅜. Corn closed unchanged to ⅜c lower oats unchanged to ⅜c up and provisions unchanged to 15c down.

Large orders to purchase Canadian wheat for shipment to Europe were said to be in the market and it was estimated that exporters took 750,000 bushels or mohe. French needs figured as totalling as much as 2,000,000. Besides thruout the day, seaboard houses were good buyers of December whenever obtainable below 103. Some notice was taken too, of advices that fall plowing everywhere was being delayed.

Anticipations that the government crop report would prove bearish as to wheat led to a reaction in the wheat market during the last hour, wiping out much of the earlier gains. Northwestern interests were conspicuous in the selling.

There was a broad trade in corn, but price changes were of little importance. Commission houses bought on a large scale whereas holders who wished to secure profits took to the selling side and aided by showers in Iowa and Nebraska held values down. Government crop report proved to be about as generally expected. Demand for oats was quite active on the part of shorts.

Provisions lacked support despite higher prices on hogs.

KU KLUX KLAN IS ORGANIZING HERE

That Fact May Explain Mysterious Friday Night Gathering at Duncan Park—Klan Official Writes Statement for Publication.

Without any definite announcement having been made, it is generally known that a branch of the Knights of the Ku Klux Klan is being organized in this city. Just who is doing the organizing is a matter of mystery, and will do doubt remain so, for another appellation of the Ku-Klux Klan is "The Invisible Empire."

Last night about 8 o'clock people residing near Duncan park saw a dozen or more automobiles parked on Webster avenue along the curbing adjacent to the park There were three or four men in each car, and they walked from the cars to a central point on the boulevard, where they were in consultation for ten or fifteen minutes. Then the shadowy forms moved back to the cars, the man behind the steering wheel of each machine stepped on the gas and the cars moved north along Webster avenue and west on Lafayette avenue. Further details are lacking.

It is not known that the proceedings have anything to do with the Ku Klux Klan organization movement, but the fact that a Klan is being organized seems about the only plausible explanation for the otherwise mysterious assemblage on the Duncan park boulevard.

The Journal was last night in receipt thru the mail of the following communication. The letter is written on stationery of the Klan with the insignia of the order. Here is the official statement, signed by a Kleagle of the Klan, and it is presented as a matter of news interest:

Letter from Klan.

Imperial Office, Jacksonville, Ill., Sept. 8, 1922. Imperial office of the Ku Klux Klan: Jacksonville Journal, Jacksonville, Illinois.

Gentlemen: I am asking that you print this letter in the next issue of your daily paper.

This to imform the public that there is to be a Klan organized in Jacksonville and surrounding teritory sometime within the next month.

This being my first announcement, I wish to give to the thinking public a few of the principles and let them decide for themselves whether the many reports read or heard are true.

The principles of the Ku Klux Klan are and we believe in:

The tenets of the Christian religion.

White supremacy.

Protection of pure womanhood.

Just laws and liberty.

Closer relationship of pure Americanism.

The upholding of the constitution of these United States.

The separation of church and state.

Freedom of speech and press.

Closer relationship between capital and American labor.

Preventing the cause of mob violence and lynching.

Preventing unwaranted strikes by foreign labor agitators.

Preventing of fires and destruction of property by lawless elements.

The much needed local reform.

Law and order.

Is there any "native born" American citizen who having the best interests of his community, city, state and nation at heart, owing no allegiance to any foreign government, political party, sect, creed or ruler, and engaged in a legitimate occupation going to denounce an organization with these principles?

We do not take the laws in our own hands as have been reported. We believe in letting the proper officials enforce the laws, but if these officials neglect their sworn duty we as an organization will use our influence to remove these weak kneed officials and put real men in office who will enforce the laws of our community, state and nation. Our power will be felt at the polls.

Fellow citizens bear in mind that we are a law abiding organization and our membership is composed of real men, the picked men of the communities where ever we are organized.

We will not foster a law violator within our ranks. We will turn such a one over to the authorities as quickly as you would drop a red hot iron and we will see to it that he is prosecuted to the limit.

Don't you feel that you keed a Klan in Jacksonville?

I am asking the Daily Journal to print this statement that I wish to put before the people and I feel that the paper as a medium of information for the people will be kind enough to accomodate me.

Yours for a better community, Kleagle of the Invisible Empire, Knights of the Ku Klux Klan.

KNIGHTS TEMPLAR GOING TO PEORIA

Hospitaller Commandery Will be Well Represented at State Conclave Next Week.

While it is not found possible to arrange for a special train to carry Knights Templar to the sixty-sixth annual conclave of the Commandery of Illinois in Peoria next week, Hospitaller Commandery will nevertheless be well represented. Some of the Knights going to the conclave will travel by train and others will drive.

It is expected that at least 5,000 uniformed Knights will take part in the parade on Tuesday. Grand commanders from at least four states are to attend and the grand encampment of the United States will be represented by a group of officers.

The reception of commanders will be held Monday, followed by reception to the grand officers and a ball in the evening. Following the parade Tuesday the annual dinner of past grand masters will be given in the evening and several band concerts will make up the day's program.

On Wednesday the final business session will be held and in the afternoon will come the battalion and company competitive drills. Most of the Sir Knights planning to attend will be accompanied by their wives.

LOCAL MAN HAS INTERESTING TRIP

W. N. Hairgrove Home from Extended Visit in West—Visited Pacific Coast from Mexico to Alaska.

W. N. Hairgrove has returned home well pleased with his extensive western wanderings. He remarked that a week ago he was enjoying a snow storm in Canada. He was especially pleased with his trip to Alaska. He went to Skagaway by steamer and then took the railroad inland. He found the scenery all along the route and inland also a great delight, wonderful and grand.

In California he traveled about in an auto with Harry Ticknor of Pasadena more than 1400 miles, seeing Lake Tidajuana, near San Diego, all about Los Angeles and other interesting places and then by steamer Yale, he went to San Francisco. He then went down to Modesto and took a wide circuit through Yosemite and on the Carterville trail to Mather and then went to the far famed Hetch Hetchy dam designed ultimately to supply 200,000 horse power to be conveyed to San Francisco, and to hold a vast amount of water also. He says the project will not destroy natural scenery but will rather enable people to reach wonderful places of resort, as it is the intention to have a mountain railroad there.

He went up Tioga Lake pass to Lake Moro and then to Lake Tahoe on the border of Nevada and back through Placerville to SanFrancisco. From that place he went by boat to Portland, Oregon and Seattle and thence to the Alaska trip already mentioned. He said the boat on which he returned from Alaska had on it 700 tons of fish, Salmon and Herring.

He saw boys fishing from the boat and in a few minutes they would have a tubful of fine swimmers. He was impressed especially by the vegetables grown in Alaska. The finest of celery good radishes, excellent potatoes and other articles. Spring comes there in a rush and the summer days are very long so that during the short season vegetation grows fast.

Alaska abounds in almost everything needed for man but is handicapped by its distance, making long and expensive transportation necessary.

Mr. Hairgrove is looking very well indeed though he feels the change in temperature from a snowfall to the heat here.

E. E. CRABTREE HEARD BY ROTARY CLUB

City's Executive Told How Business Men Can Help With Municipal Government—Program of Work Committee Made Report

Mayor Crabtree was the speaker at the Friday luncheon of the Rotary club and presented an interesting discussion of municipal government, based upon his three years and a half's experience as mayor of Jacksonville.

The attendance at the luncheon Friday was the largest for several months, Rotarians who have been out of the city for a number of weeks answering roll call. This group included Walter Ayers, John J. Reeve, W. W. Gillham and Henry Frisch.

The guest list of the day included Midshipman Aurelius Vosseller, Charles P. Gillett, George J. Metcalf, all of Jacksonville, and A. B. Tilghman, representative of W. R. Compton & Co. of St. Louis. H. D. Dobyns was introduced as the newest member of the club. Midshipman Vosseller told briefly of his recent cruise in southern waters.

The program of work committee presented a statement suggesting a continuation of the club's interest in municipal affairs. It is the function of this committee from time to time to make suggestions with reference to club activities. The committee includes W. L. Fay, chairman; H. M. Capps, Paul Samuell, C. A. Johnson and Frank Byrns, the statement yesterday being presented by H. M. Capps.

Mayor Crabtree's theme was "How the Business Man Can Aid in City Government." The special thought emphasized was that municipal government is of the kind that the citizens make it, and a good government cannot be expected unless citizens are willing to make a certain amount of self-sacrifice and give municipal affairs their personal attention. Mr. Crabtree used this theme at a convention of the Illinois Chamber of Commerce and is soon to present the subject again before the City Club of Chicago.
